Le lastre in ceramica a micro-cristalli sono realizzate con un granulo di cristallo unico.
Resistente alle macchie al 100%, lo strato in vetro non assorbe l'acqua e le macchie, resiste a sostanze acide e alcaline ed è semplice da pulire. Dal tono risolutamente lucido, può essere ulteriormente lucidato per ottenere un effetto riflettente. Ad alta intensità, decisamente superiore rispetto al materiale lapideo. La particella di cristallo si fonde nella lavorazione a intarsio: la sua bellezza viene fissata nel supporto di base della giada nella patina lucidante. Applicato con una pressa da 7.800 tonnellate e sottoposto a una temperatura di 1.260° C, il granulo di cristallo conferisce bellezza e carattere, per un prodotto resistente all'accumulo di sporcizia, all'usura, sempre nuovo e fresco.
Micro crystal porcelain tiles applies unique crystal granule. 100% stain resistant. There is no water absorption for the glass layer. It does not absorb stains, resistant against acid and alkali, easy to clean up. Highly glossy: it can be polished to achieve mirror effect. High intensity: the intensity is much stronger than the stone material. Crystal particle melts the inlaying craft, imbed like beauty brilliantly on the base body of the jade in the gloss. Pressed by the 7,800 tons pressure machine, burn by the high-temperature of 1,260 degrees Celsius, give it the beautiful concept and connotation, keeps the character of dirt-resisting and wear-resisting new and refresh.

Per interpretare correttamente il prodotto naturale, Pietra Pece by Powergres è un prodotto "stonalizzato" e visualizza una gradazione cromatica che mostra una leggera – moderata differenza di tono delle singole piastrelle come non omogenee tra di loro. Per cortesia fate attenzione e visualizzate uno schema di posa per armonizzare al meglio le piastrelle tra loro prima della loro definitiva messa in opera a pavimento o rivestimento.

To reproduce as well as it is in the real nature, the Pietra Pece by Powergres is a shading product and has a visible chromatic gradations. It indicates a slight - moderate difference of tone of single tiles that are not homogeneous. Please consider it and attention must be paid to harmonizing the tiles by a pre visual schema before laying and final fitting the ceramic tiles on the floor or wall.

Grey natural slate

Natural slate yellow stone

Questa pietra ha dei cambiamenti di tono come evidenziato dalla foto del singolo pezzo.

This stone has a change of tone as shown in the photo of the piece.

I listelli decori in pietra naturale iSTONE sono creati unendo, in maniera originale e tradizionale, le diverse pezzature di pietra a più colori o monocrome.

Poiché la Collezione iSTONE Stoneware, propone un materiale completamente naturale, le pezzature di pietra che compongono il/i listello/i, possono avere delle differenziazioni di tono; per questo stesso motivo, non può assolutamente essere da noi garantito lo stesso tono per i diversi formati della medesima pietra, anche se parte di un unico ordinativo ed in occasione di riordini dello stesso codice e descrizione del codice prodotto relativo al materiale. Inoltre essendo realizzati in pietra naturale, le pezzature composte possono risultare imperfette nei bordi e presentare leggere differenze di spessore tra loro; (nella tabella potete vedere ad esempio lo spessore degli articoli che evidenzia spessori come: 15-25 mm) Per questa ragione, le dimensioni delle pezzature sul listello ed indicate sul listino, catalogo e web sono da intendersi come nominali.

Queste caratteristiche, nel loro insieme, non sono da considerare come dei difetti, ma delle particolarità specifiche del prodotto iSTONE STONEWARE che partecipano ad evidenziare l'unicità, il valore e l'originalità della nostra proposta.

The decorating strips in natural stone iSTONE are created by joining the different stone sizes in several colours or in single shade in an original and traditional way.

As the iSTONE Stoneware collection offers an entirely natural material, the stone sizes composing the strip/s can have different shades; for this same reason, we absolutely cannot guarantee the same shade for the different sizes of the same stone, even if included in a single order and when re-stocking the same code and product code description of the material. The composed sizes are realized in natural stone and therefore can have imperfect edges and little thickness differences (for example, the table specifies the thickness of the items such as: 15-25 mm). Thus, the size dimensions of the strip and indicated on price list, catalogue and web site are to be intended as nominal.

These features are not to be intended as defects as a whole, rather as special characteristics of the product iSTONE STONEWARE that highlight the uniqueness, value and originality of our proposal.

Condizioni Generali di Vendita

1. APPLICABILITÀ DELLE CONDIZIONI

1.1 Le presenti condizioni generali (qui di seguito "le CONDIZIONI") costituiscono parte integrante di tutti i contratti di vendita delle piastrelle ed altro materiale ceramico (qui di seguito "i/i PRODOTTI") a cui sia parte la Powergres S.p.A. (qui di seguito "il CEDENTE"). Salvo singoli casi in cui esse siano state derogate con espresso pattuizioni scritte a firma del CEDENTE, esse costituiranno la disciplina esclusiva di tali vendite. Se una o più parti di tali CONDIZIONI o dei singoli contratti che le includano risultassero invalide, le CONDIZIONI generali o particolari resteranno valide nel loro complesso, le parti invalidi saranno sostituite con pattuizioni che si avvicinino il più possibile alla originaria volontà delle parti.

CONCLUSIONE DEL CONTRATTO DI VENDITA - CONSEGNA DEI PRODOTTI

2.1 Il contratto si intende concluso al momento in cui il proponente o l'ordinante vengano a conoscenza del consenso credito della controparte.

2.2 L'ordine non confermato per iscritto in nessun caso potrà intendersi accettato salvo esecuzione del medesimo da parte del CEDENTE mediante spedizione o consegna dei PRODOTTI. La consegna parziale di PRODOTTI ordinati non comporta l'accettazione dell'intero ordine, ma solo di quella parte di PRODOTTI effettivamente consegnati.

2.3 Salvo diverso accordo scritto, la consegna dei PRODOTTI e la resa degli stessi in Italia e all'estero avverrà secondo la formula di "Franco ns. magazzino".

2.4 Salvo diverso accordo, tutte le date indicate come termine di consegna si intendono a titolo indicativo.

3. CARATTERISTICHE DEI PRODOTTI – GARANZIA – RECLAMI.

3.1 Le piastrelle in ceramica ed altri PRODOTTI ceramici fabbricati dalla Powergres S.p.A. sono conformi alle norme europee UNI.DIN.EN.

Il CEDENTE vende esclusivamente a rivenditori professionali, questi sono responsabili della correttezza della informazioni tecniche fornite agli utilizzatori finali e/o negozi al dettaglio.

La classificazione del prodotto è indicata dal CEDENTE sul materiale pubblicitario e/o sui listini prezzi, l'Acquirente deve di conseguenza utilizzare i PRODOTTI sulla base della classificazione fornita dal CEDENTE.

Per facilitare le indicazioni di utilizzo, ed adattare le classificazioni standard alle specificità della produzione del CEDENTE, a fronte di ogni prodotto, nei listini o sui cataloghi sono posti dei segni che indicano l'uso specifico consigliato dal CEDENTE.

3.2 Le differenze di tonalità non sono un difetto del PRODOTTO ma bensì una caratteristica dello specifico materiale cotto ad alte temperature. Il particolare requisito di ingelività si applica solo ai PRODOTTI che il CEDENTE garantisce espressamente con apposita indicazione sul materiale pubblicitario e/o listini. In mancanza di tale indicazioni i materiali ceramici si considerano solo ed unicamente per uso in interni o comunque in locali protetti dalle intemperie.

3.3 I materiali in ceramica con superficie lucido non possono mai essere utilizzati in locali a piano terreno con accesso all'esterno, né in locali in cui sia previsto un grande calpestio. Le piastrelle brillanti sono inoltre suscettibili di una certa scivolosità, specialmente se bagnate, il CEDENTE ne consiglia di conseguenza l'uso in locali pubblici. Per i locali ove sia previsto un grande calpestio l'acquirente dovrà acquistare solo i PRODOTTI classificati dal CEDENTE come PEI V (IV) ed in particolare quelle piastrelle che il CEDENTE consiglia SPECIFICAMENTE per uso in locali pubblici.

3.4 Le rappresentazioni dei PRODOTTI sui depliant ed altri materiali pubblicitari del CEDENTE sono puramente illustrative e non rappresentano necessariamente il risultato estetico finale di posa dello PRODOTTO rappresentato.

3.5 Il CEDENTE garantisce la buona qualità e l'assenza di vizi e/o anomalie nei PRODOTTI forniti. La garanzia non si applica per PRODOTTI classificati dal FABBRICANTE per qualità inferiori alla scelta n°1 o per partite di fine serie, vendute in blocco e segnalate come partite speciali. È comunque prevista una tolleranza del 5%.

3.6 Il CEDENTE non è responsabile per vizi e/o anomalie rilevate sui PRODOTTI non dovuti alla qualità dei PRODOTTI stessi ma all'uso improprio degli stessi da parte degli acquirenti e/o dei suoi aventi causa. In particolare il CEDENTE non accetta reclami o contestazioni in relazione alle situazioni precedentemente descritte.

3.7 I reclami devono essere comunicati dall'acquirente al CEDENTE entro 8 giorni dalla consegna della merce. Per vizi occulti il termine è di otto giorni dalla scoperta del vizio. In nessun caso il CEDENTE risponderà per vizi che vengano denunciati dopo 12 mesi dalla consegna dei PRODOTTI all'Acquirente. Per i vizi occulti la garanzia del CEDENTE si applica fino a due anni dopo la consegna dei prodotti al primo acquirente. La denuncia di vizio dovrà essere notificata al cedente tassativamente entro e non oltre 8 giorni dalla scoperta.

3.8 In generale la garanzia si applica solo per vizi rilevati in prodotti non ancora posati. Per eventuali vizi occulti rilevabili solo successivamente alla posa, ai fini dell'applicazione della garanzia, è necessario che il CEDENTE accerti che la posa sia stata eseguita a regola d'arte (norme DIN 18352).

3.9 La garanzia del CEDENTE si limita alla sostituzione dei PRODOTTI difettosi con altri dello stesso tipo esenti da vizi, trasporto incluso. È escluso il rimborso di altri oneri e/o spese accessorie e, in particolare i costi di demolizione e ri-posatura dei PRODOTTI. In tutti i casi la garanzia del CEDENTE non potrà eccedere cinque volte il valore del materiale contestato, con un massimo assoluto di € 10.000.

3.10. Il CEDENTE non risponde per reclami dovuti ad una classificazione del materiale ceramico da parte di organismi di controllo e/o certificazione esteri, diversa da quella italiana, sulla base di specifiche tecniche che non corrispondano a quelle utilizzate dal CEDENTE. Eventuali expertise tecnici attivati dagli acquirenti dovranno necessariamente basarsi sulla conformità del materiale venduto alle specifiche tecniche indicate dal CEDENTE, in vigore in Italia.

4. PREZZI E CONDIZIONI DI PAGAMENTO

4.1 I prezzi di vendita dei PRODOTTI sono quelli indicati nel listino del CEDENTE in vigore al momento della conferma dell'ordine. In casi di contratti di vendita a consegne ripartite il prezzo, se non convenuto fermo per iscritto, sarà quello del listino in vigore al momento delle singole consegne. Per tutti i PRODOTTI destinati all'estero i prezzi potranno essere calcolati, a scelta dal CEDENTE, nella valuta estera del paese di destinazione o in euro.

4.2 Tutte le spese bancarie e di negoziazione sono a carico dell'Acquirente. In caso di ritardo dei pagamenti, il CEDENTE avrà diritto a percepire, senza alcuna necessità di messa in mora, oltre agli eventuali danni, un interesse moratorio pari al tasso ufficiale di sconto in Italia maggiorato del 3%.

5. AGENTI DEL CEDENTE.

5.1 Gli agenti del CEDENTE promuovono le vendite e non sono autorizzati ad agire in nome e per conto del CEDENTE salvo specifica autorizzazione scritta.

5.2 Gli ordini trasmessi dagli agenti non vincolano il CEDENTE e devono quindi essere espressamente accettati per iscritto dal CEDENTE stesso.

6. RISERVATO DOMINIO

6.1 È convenuto tra le parti che la vendita dei PRODOTTI è effettuata con riserva di proprietà a favore del CEDENTE sino al totale pagamento del prezzo pattuito, ai sensi dell'art. 1523 e seguenti del c.c. Tuttavia il rischio di perimenti della merce passa all'acquirente dal momento della consegna dei PRODOTTI. Nella vendita all'estero, nel caso in cui la merce sia venduta e consegnata a clienti terzi prima del passaggio di proprietà, nell'ambito di normali rapporti commerciali dell'Acquirente stesso, la riserva di proprietà a favore del CEDENTE permane anche nei confronti dei terzi, ove la legge lo consenta.

6.2 In caso di mora dell'Acquirente il CEDENTE potrà, senza necessità di alcuna formalità, compresa la messa in mora, ritirare tutta la merce oggetto di riservato dominio ed eventualmente, se la legge lo consente, tutti i titoli di credito verso terzi ad essa afferenti, con riserva di ogni ulteriore opportuno rimedio in via giudiziale per il pregiudizio subito.

7. FORZA MAGGIORE

7.1 Il CEDENTE non è responsabile nei confronti dell'Acquirente per ogni inadempimento, compreso la mancata o ritardata consegna, causata da eventi al di fuori del suo ragionevole controllo quali, a titolo meramente indicativo, mancata o ritardata consegna dei materiali di lavorazione da parte dei fornitori, guasti agli impianti, scioperi ed altre azioni sindacali, interruzione dei flussi energetici, sospensione o difficoltà di trasporto.

8. DIRITTO APPLICABILI – FORO COMPETENTE

8.1 I contratti di vendita all'esportazione cui sia parte il CEDENTE sono regolati dalla legge italiana ed in particolare dalla Conservazione sui Contratti di Vendita Internazionali di beni mobili, ove non derogata dalle presenti CONDIZIONI e dalla Convenzione di Vienna dell' 11 Aprile 1980.

8.2 Foro competente per tutte le controversie relative alle vendite di PRODOTTI da parte del CEDENTE e dei rapporti connessi a tali vendite è il FORO della sede legale del CEDENTE, anche qualora l'azione promossa riguarda titoli di credito rilasciati al CEDENTE quali mezzi di pagamento.

Conditions générales de Vente.

1- APLICABILITE DES CONDITIONS.

1. Les présentes conditions générales (ci après "Conditions"), font partie intégrante de tous les contrats de vente des carreaux ou de tout autre matériel céramique (ci après "le/les produits") desquels la Powergres S.P.A. (ci après "Le vendeur") est une des parties. Sauf dans le cas où elles ont été déroguées par des accords écrits et signés par le VENDEUR, elles constitueront les règles de telles ventes. Si une ou plusieurs de ces CONDITIONS ou de contrats seuls qui les incluent, se révèlent invalides, les CONDITIONS générales ou particulières resteront valides comme un tout: les parties invalides seront substituées au travers d'accords se rapprochant le plus à la volonté des parties.

2- CONCLUSION DU CONTRAT DE VENTE – LIVRAISON

2.1 Le contrat s'avère conclu au moment où l'offrant ou le demandeur prend connaissance du contrat écrit de la contrepartie.

2.2 La commande non confirmée par écrit ne pourra en aucun cas être considérée comme acceptée, excepté pour la demande du contrat lui-même par le VENDEUR à travers l'envoi ou la réception des PRODUITS. La livraison partielle de produits commandés n'inclut pas l'acceptation totale de la commande, seulement la partie des PRODUITS livrés.

2.3 Sauf accord écrit différent, la livraison en Italie ou ailleurs se fera directement "Franco Magasin".

2.4 Sauf accord différent, toutes les dates de livraisons données le sont à titre indicatif.

3- CARACTERISTIQUES DES PRODUITS – GARANTIE – PLAINTES

3.1 Les carreaux en céramique et autres PRODUITS en céramique produits par Powergres S.p.A. sont conformes aux normes Européennes UNI-DEN-EN. Le VENDEUR vend exclusivement à des revendeurs professionnels responsables de la véracité des informations techniques données aux utilisateurs finaux / négociants.

La classification du produit est indiquée par le VENDEUR par matériel publicitaire et/ou par listing de prix. L'acquéreur se doit d'utiliser les PRODUITS sur la base de la classification donnée par le VENDEUR.

Pour faciliter les indications d'usage et adapter les classifications standards aux spécificités de la production du VENDEUR, à côté de chaque produit figurant sur les listes ou les catalogues se trouvent des symboles indiquant l'usage spécifique conseillé pour chaque produit.

3-2 Les différences de tons des PRODUITS ne sont pas un défaut mais bien une caractéristique des matériaux cuits à une haute température. La particularité requise pour la résistance à l'eau s'applique seulement aux produits que le VENDEUR garantit expressément à l'aide d'indications sur le matériel publicitaire et/ou sur le listing. Si aucune indication n'est présente, le matériel doit être considéré uniquement pour un usage intérieur ou un local à l'abri de toute intempérie.

3.3 Les matériaux en céramique avec une surface brillante ne peuvent pas être utilisés sur un terrain plein avec un accès à l'extérieur, ni dans un local où est prévue une grande activité. Les carreaux brillants sont susceptibles d'une certaine porosité, spécialement si ils sont mouillés, le VENDEUR ne dissuade pas pour un usage public. Pour les locaux dans lesquels sont prévues de grandes activités, l'acheteur devra seulement acheter les PRODUITS classés par le VENDEUR comme PEI V (IV), et en particulier les carreaux que le VENDEUR conseille SPECIALEMENT pour un usage dans un local public.

3.4 Les représentations des produits sur les dépliants et autres matériels publicitaires du VENDEUR sont purement illustratives et ne représentent pas nécessairement le résultat esthétique final du PRODUIT posé représenté.

3.5 Le VENDEUR garantit la qualité et l'absence de vices de fabrications dans les produits fournis. La garantie ne s'applique pas aux PRODUITS classés par le fabricant pour une qualité inférieure au 1^{er} choix ou pour une partie de PRODUITS de fin de série, vendue en bloc et signalée comme partie spéciale. Une tolérance de 5% est malgré tout prévue.

3.6 Le VENDEUR n'est pas responsable pour des vices et/ou anomalies relevés sur des PRODUITS non dus à la qualité du PRODUIT même mais à l'usage inapproprié de celui-ci de la part de l'acheteur et/ou de sa cause. Le VENDEUR n'accepte en particulier pas les plaintes ou contestations en relation avec les situations décrites.

3.7 Les plaintes devront être communiquées par l'acheteur au VENDEUR avant les 8 jours suivant la réception de la marchandise. Pour des défauts découverts, le délai est de 8 jours de la découverte du défaut. En aucun cas le VENDEUR ne répondra pour des défauts signalés plus de 12 mois de la réception des PRODUITS par l'acheteur. Pour les défauts occultés, la garantie s'applique jusqu'à deux ans après la réception des PRODUITS par le premier acheteur au VENDEUR. La dénonciation de défauts devra être notifiée au VENDEUR dans, et non après, les 8 jours suivants la découverte.

3.8 En général, la garantie s'applique seulement aux défauts découverts sur des PRODUITS non posés. Pour d'éventuels défauts découverts à la suite de la pose du PRODUIT, il est nécessaire que le VENDEUR atteste de que la pose a été effectuée selon les règles de l'art (norme DIN 18352).

3.9 La garantie du VENDEUR se limite à la substitution des produits défectueux contre des PRODUITS de même type ne présentant aucun vice de fabrication, transport inclus. Le remboursement d'ornement et/ou d'accessoires est exclu et en particulier, les coûts de démolition et de repose de ces PRODUITS. Dans tous les cas, la garantie du VENDEUR ne pourra excéder cinq fois la valeur du matériel contesté, avec un maximum absolu de € 10.000.

3.10 Le VENDEUR ne répond pas aux plaintes d'une classification du matériel céramique de la part d'organismes de contrôle et/ou de certification extérieurs, différentes des Italiennes, sur la base de spécifications techniques qui ne correspondent pas à celles utilisées par le VENDEUR. D'éventuelles expertises techniques demandées par les acheteurs devront se baser sur la conformité du matériel vendu et aux spécificités techniques indiquées par le VENDEUR, en vigueur en Italie.

4- PRIX ET CONDITIONS DE PAIEMENT.

4.1 Les prix de vente des PRODUITS sont ceux indiqués dans le listing du VENDEUR en vigueur au moment de la confirmation de la commande. En cas de contrat de vente comprenant diverses livraisons, les prix s'ils n'ont pas été fermement convenus par écrit, seront ceux du listing en vigueur au moment des livraisons seules. Pour tous les produits destinés à l'extérieur, les prix pourront être calculés au choix du VENDEUR, dans la monnaie du pays de destination, ou en euros.

4.2 Tous les frais bancaires et de négociation sont à la charge de l'acheteur. En cas de retard de paiement, le VENDEUR aura le droit de percevoir, sans aucun droit de consultation, un intérêt moratoire égal au taux officiel des acomptes en Italie majoré de 3%.

5- AGENTS DU VENDEUR

5.1 Les agents du VENDEUR promouvaient les ventes et ne sont pas autorisés à agir au nom et pour le compte du VENDEUR sans une préalable autorisation écrite.

5.2 Les commandes transmises par les agents ne sont pas associées au VENDEUR et doivent donc être expressément acceptées par écrit par le VENDEUR lui-même.

6- RESERVE DE PROPRIETE

6.1 Il est convenu entre les parties que la vente des PRODUITS est effectuée avec une réserve de propriété en faveur du VENDEUR jusqu'au paiement total du prix convenu, d'après l'art. 1523 et suivants des c.c. Toutefois le risque d'endommagement de la marchandise se transmet à l'acheteur dès la livraison des PRODUITS. Dans la vente à l'international dans le cas où la marchandise serait vendue et livrée aux clients tiers avant le transfert de propriété, dans le milieu de rapports commerciaux normaux de l'acheteur lui-même, la réserve de propriété en faveur du VENDEUR est transférée face au tiers, comme la loi l'autorise.

6.2 En cas de défaut de paiement de l'acheteur, le VENDEUR pourra, sans la nécessité d'aucune formalités ni de mise en demeure, retirer la totalité des marchandises faisant l'objet de la clause de réserve de propriété et éventuellement, pour autant que la loi le permette, prélever la totalité des titres de créance y afférents, vis-à-vis des tiers, sans préjudice de toute autre action en justice afin d'obtenir la réparation du préjudice subi.

7- FORCE MAJEURE

7.1 Le VENDEUR n'est pas responsable de l'inexécution de l'acquéreur (y compris le retard ou l'absence de livraison) due à des événements échappant à son contrôle raisonnable permis lesquels figurent à simple titre indicatif, le retard ou l'absence de livraison de matériaux de la part des fournisseurs, des pannes survenues, des grèves et autres formes d'interventions syndicales, des interruptions d'électricité ou encore des interruptions ou difficultés de transport.

8- DROIT APPLICABLE – CLAUSE D'ATTRIBUTION DE JURIDICTION

8.1 Les contrats de vente à l'exportation souscrits par le VENDEUR sont régis par les lois italiennes et, plus particulièrement par la Convention sur les Contrats de Vente Internationale de biens mobiles sauf dérogation prévue par les présentes CONDITIONS ou la Convention de Vienne du 11 Avril 1980.

8.2 Pour tout litige concernant les ventes de PRODUITS par le VENDEUR et des rapports naissants en rayon de ventes précitées, c'est le TRIBUNAL où se trouve le siège social du VENDEUR qui sera compétent, y compris lorsque le recours intenté concerne des titres de créance donnés au VENDEUR en guise de paiement.
